**\*Please attached additional forms if filing for multiple rebates. Limit of 2 rebates of any combo per home.**

**REBATE QUALIFICATIONS**

- Rebate of \$50 is for installed EV charging equipment only. No limit of chargers per home.
- All rebates will be issued as a credit to member's account. Please allow four weeks for processing.
- Applicant must be the owner of the CPI served property.
- The EV charger must be installed at the applicant's CPI served address.
- EV charger must be Level 2 (240V), equipped with the SAE J1772 standard or Tesla connector plug and be UL listed. Learn about qualifying charger options on EnergyStar.gov and be "Connected Functionality Capable."
- The installation of the EV charger must be permitted, inspected and approved in compliance with the National Electric Code along with local, county and state requirements. It is the member's responsibility to ensure the installation is done in compliance with applicable codes. For safety reasons, we recommend that a licensed electrician perform the installation.
- EV chargers that are resold, come as part of the purchase of the electric vehicle, rebuilt, received from warranty insurance claims or won as a prize are not eligible for rebates under this program.
- CPI disclaims any warranty, whether expressed or implied, for any materials or labor associated with installation, maintenance, or repair.
- All participating homes are subject to inspection and usage data analysis. I understand that programs may change at any time without notice at CPI's sole discretion.

**REQUIRED DOCUMENTATION**

- Residential rebate application.
- Copies of the invoice for the qualifying EV Level 2 charger and installation work.
